Chairman, "Second Mates"
58 Ocean Street
Hyannis, Massachusetts

Dear Madam Chairman:

The Commodore and Trustees of the Hyannis Yacht Club have asked me, on behalf of the members of the Club and themselves, to express the Club's sincere thanks and appreciation for the efforts the Second Mates have expended to furnish the Lower Deck, sponsor social events and assist the Club in numerous ways, during the past years.

Through your cooperation, generous support and financial assistance, (and a lot of hard work) the Hyannis Yacht Club now has attractively and comfortably furnished Clubrooms, which have caused many favorable comments from members and guests.

We are mindful of the fact that when you first started, several of the dining tables and captain's chairs, which are still in use today, were purchased by you.

Also, many of the most successful social affairs and fund raising events which you sponsored, were conducted under trying conditions and with little or no assistance, I'm sorry to say, from the HYC men.

We think you might find it gratifying to know that because of your thoughtful contributions, our members have been able to enjoy privacy, comfort and many pleasant associations on the Lower Deck.

Because we are fortunate to have the assistance of an organization such as yours - with individuals who are willing to give unstintingly of their time and effort, when called upon to do so, the Hyannis Yacht Club will continue to prosper.

Thank you, Second Mates, for a job well done. May we continue to have your support?

Sincerely yours

A. Joseph Boylen, Sec.
